

JOBY® 

JOBY creates  
iconic products  
that inspire the  
creative and  
active lifestyle

We seek to inspire by delivering creations that are revolutionary, memorable and simple to use. The results win attention (which we secretly crave), but our proudest moments are when our products ignite your creativity.

**GorillaMobile** products unlock the full potential of the feature-rich iPhone and iPad devices with sleek protection, ergonomic positioning and improved productivity solutions. Boost your creativity in every situation: capture a photo, watch a video or follow a recipe.

gorillamobile™  
for iPhone 4

## Unleash your iPhone for steady photos + video

If you think your iPhone 4 is amazing, watch it get even better with the GorillaMobile for iPhone 4. The stand-alone bumper case shields your phone in your pocket or on-the-go, and when you combine it with the flexible tripod, you get the most adaptable positioning stand out there! Wrap it around a tree on your hike to capture the landscape (and you!), perch it on your desk for FaceTime calls or attach it to the treadmill to watch your favorite show.

gorillamobile™  
Yogi for iPad

## Limber adaptability with infinite poses

Become a yoga master and stretch the limits on comfortable iPad positions with the GorillaMobile Yogi for iPad. With limber yet sturdy legs, Yogi can twist and bend to stabilize your iPad on any uneven surface or wrap around fixtures—from your lap to your kitchen cabinets. Removable legs can be quickly adjusted from portrait to landscape for optimal viewing. Cuddle up with the Yogi and it will quickly become your new best friend.

Designed for iPhone 4 and compact cameras up to 350g (12.3 oz)

Legs: 3.9 oz / 111 g

**Quantity** CP = 4 / MC = 40

Portrait + landscape orientation with adjustable viewing angle

Designed for the iPad

gorillamobile™  
Ori for iPad

## Revolutionary protection + ergo- nomic positioning

Inspired by the folding art of origami, the GorillaMobile Ori for iPad is an innovative product that delivers agile stability in a sculptural form. Engineered from an aluminum composite found in high performance cars, this new material delivers strength while maintaining lightweight mobility. From sleek protection on-the-go to a productivity-enhancing multi-position wonder, the Ori allows you to ergonomically read the news, comfortably power through a presentation, or quickly type that final email before you catch your flight.

Designed for the  
iPad

Portrait to landscape  
orientation swivel with  
adjustable viewing angle

**Size** 24.8 x 19.7 x 2.2 cm / 9.8 x 7.8 x 0.9"  
**Weight** 15.9 oz / 452 g  
**Quantity** CP = 4 / MC = 40

**GorillaTorch** hands-free lights are powered by brilliant LEDs designed to tackle any task. Ready for emergency roadside situations, middle-of-a-party sink repair, DIY projects or your next outdoor adventure, the GorillaTorch line offers the perfect tool to lend a hand.

## Redefining hands-free illumination

The GorillaTorch, with its flexible legs and magnetic feet, secures to virtually any surface, allowing you to cast a bright, focused beam of light hands-free. The integrated dimmer switch allows you to adjust the intensity, up to 65 lumens, for use in any scenario. Pop it under the car hood to check the engine, attach it to the bedpost for lights-out reading, secure it to a tree branch to illuminate your campsite - or straighten the legs and use it as a handheld while walking the dog.

65  
LUMENS

Available in gray, orange, yellow, and blue

**Size** 20 x 7.5 x 6.5 cm / 7.9 x 3 x 2.6"  
**Weight** 6.5 oz / 185 g (including batteries)  
**LED** 65-lumen CREE LED  
**Batteries** 3 AA  
**Quantity** CP = 4 / MC = 40

## Powerful LED light with handy emergency strobe

The GorillaTorch Flare is equipped with additional emergency features, including 100 lumens of attention-grabbing output, a strobe option for signaling, and rubberized end caps for easier handling and increased durability. Choose between low, medium, high, or flashing white light, or still or flashing red light. Featuring flexible + bendable legs and magnetic feet, the GorillaTorch Flare will attach to just about anything, freeing your hands for more important tasks.

**Size** 20 x 7.5 x 6.5 cm / 7.9 x 3 x 2.6"  
**Weight** 6.5 oz / 185 g (including batteries)  
**LED** 100-lumen CREE LED  
**Batteries** 3 AA  
**Quantity** CP = 4 / MC = 40

6 light settings, including red + white strobe

## Ruggedly precise, tactical + rechargeable LED light

The GorillaTorch Blade is an adaptable, high-performance, rechargeable flashlight designed for the mechanically-minded tinkerer and DIY enthusiast. With an adjustable spot to flood CREE LED and power boost feature, it can produce up to 130 lumens of intense output. Wrap or mount it virtually anywhere using its strong magnetic feet and bendable legs, or remove the aircraft-quality aluminum housing from the stand to use in-hand. For extended use, the GorillaTorch Blade is equipped with a rechargeable lithium-ion battery which can be charged using the included AC adapter or any computer USB port.

130  
LUMENS

Rechargeable by USB cable or AC adapter (both included)

**Size** 15.8 x 7.6 x 3.4 cm / 6.2 x 3 x 1.3"  
**Weight** 6.8 oz / 193 g  
**LED** 130-lumen CREE X-Lamp XP-C LED  
**Batteries** Rechargeable lithium-ion, with USB cable and AC adapter (included)  
**Quantity** CP = 4 / MC = 40

## Transforms from outdoor lantern to headlamp

The GorillaTorch Switchback transforms from a compact lantern to a high-performance headlamp using a single light engine. Hit the trail with the headlamp when you need solo lighting, then fold into the lantern housing to illuminate group meals at the campsite. The high-efficiency CREE LED spotlight is adjustable from 5 to 130 lumens, with 2 white LEDs for flood lighting and 2 red LEDs to preserve night vision. The Switchback's smart ergonomic design features a rugged yet sleek exterior - the perfect companion for your camping, climbing, or backpacking exploits.

**Size** Closed: 11.5 x 8.5 x 5.4 cm / 4.5 x 3.3 x 2.1"  
Open: 16.6 x 8.5 x 5.4 cm / 6.5 x 3.3 x 2.1"  
**Weight** 8.8 oz / 250 g (including batteries)  
**LED** 130-lumen CREE X-Lamp XP-G LED, plus 2 white + 2 red flood LEDs  
**Batteries** 2AA  
**Quantity** CP = 4 / MC = 40

Compact, lightweight lantern + headlamp design
